## Ike Says U.S. May Stay In "Black" With Cooperation

By FRANK O'BRIEN

WASHINGTON (AP) — President Eisenhower sent to Congress today balanced budgets for this year and next while urging higher federal spending he said would total almost 66 billion dollars in the coming fiscal year.

He said the government could stay in the black in the next 18 months by "slim" margins only if Congress gives him "the utmost cooperation" in holding down spending and awaiting a prudent time for tax cuts.

As long as booming prosperity continues, Eisenhower said, Congress should put at least some reduction of the national debt ahead of tax slashing.

### No Tax Cuts There

His new spending blueprint allowed for some debt reduction, but not for tax cuts. He reiterated that Congress should act to keep corporation and excise taxes at their present levels, rather than allow them to drop as scheduled on April 1 to the levels in effect before the Korean War.

For fiscal 1957, which begins next July 1, Eisenhower proposed that Uncle Sam spend \$65,865,000,000. He estimated that federal income in that 12-month period would be \$66,300,000,000. If both predictions are achieved, the government will wind up the fiscal year with a surplus of 435 million.

### Other Main Points

In other main facets of his budget message Eisenhower:

1. Estimated that spending this year will total \$64,270,000,000, and that outlays in the next bookkeeping year will top that by \$1,595,000,000. It was the first time Eisenhower had pointed spending upward.
2. Predicted that revenues next year will be \$1,800,000,000 higher than this year's, resulting in a federal surplus this year of 230 million.
3. Proposed to cut the federal debt by 74 million by June 30 to \$274,300,000,000 and by the following June 30 to \$273,800,000,000.
4. Called for new appropriations higher than projected spending and \$4,370,000,000 higher than appropriations in the current year. This indicated that federal spending may be trending upward for several years.

### Loophole For Tax Cut

While he cautioned against any quick tax cut, Eisenhower's budget seemed to leave a loophole which might justify one under his guidelines. The budget appeared to have underestimated revenues for the second successive year. A year ago Eisenhower forecast revenues of (Continued On Page 4)

## Says County Library Has Made 'Phenomenal Strides' In Decade

This is the second of three articles prepared for The Gettysburg Times by Atty. Leighton C. Taylor, Bendersville, on the importance of having a good library in the community with special reference to the tenth anniversary of the founding of the Adams County Free Library on January 19.

### By LEIGHTON C. TAYLOR

Doctor Griswold, president of Yale University, said only recently:

"I favor more thorough preparation for the liberal arts, and a more thorough liberal arts training for teachers themselves who will thus, I think, be much more disposed to communicate the ambition for learning, and the purposes of learning. The ultimate purpose of all schooling is self-education as I understand it. Each teacher tries to give his students the utmost momentum to continue to educate themselves when formal schooling is over. That is the root of a liberal education."

And, as already indicated, the local library plays an important role in the "preparation" and "momentum" emphasized by Doc-

## Veteran Firemen's Dinner On Thursday

The nineteenth annual Veteran Firemen's dinner-meeting will be held at the Blue Parrot Tea Room Thursday evening at 6:30 o'clock. This group comprises men who have served 15 or more years in the Gettysburg Fire Department. C. Ray Rupp is the only surviving charter member. More than 65 are expected to attend the dinner session.

## MRS. HALDEMAN DIES SUDDENLY IN BIGLERVILLE

Mrs. Maude A. Haldean, 73, wife of Hays H. Haldean, Biglerville R. 2, died suddenly Sunday morning at 9:30 o'clock while visiting with next door neighbors.

She had gone to the home of Mr. and Mrs. Jacob Herman, Biglerville R. 2, and was taking part in a conversation when she was suddenly stricken. Dr. P. J. McGlynn was summoned from Biglerville and found her dead. He called Dr. C. G. Crist, Adams County coroner, who attributed the death to a coronary occlusion.

A daughter of the late John W. and Kathryn (Myers) Fidler, she was a member of St. Paul's Lutheran Church and of the Pathfinder Sunday School Class of Biglerville.

### Services Wednesday

Surviving are her husband; a son, Sereck H. Haldean, Biglerville; three grandchildren, four great-grandchildren and three brothers, George E. Fidler, Gettysburg R. 4; Albert W. Fidler, Biglerville, and Charles A. Fidler, Biglerville R. 1.

Funeral services Wednesday afternoon at 2 o'clock from the Dugan Funeral Home, Bendersville, with the Rev. H. W. Sternat, her pastor, officiating. Interment in the Biglerville Cemetery.

Friends may call Tuesday evening from 7 to 9 o'clock at the funeral home.

## HAENNS WILL SHARE ESTATE

Blanche Haenn and George L. Haenn, Gettysburg R. 1, have been named beneficiaries in the estate of Anna M. Shields, 90, late of Cumberland Twp., who died at York Springs January 10. The estate consists of goods and credits valued at about \$10,000. There is no real estate.

The Haenns will receive one of five shares of the estate after \$500 has been awarded to two half-sisters and a cousin and after taxes, funeral expenses and all collectible debts have been paid. All personal property and personal effects in the home in Cumberland Twp. have been bequeathed to Mrs. Haenn.

The Littlestown National Bank has applied for testamentary letters of administration.

Miss Effie M. Staley of New Oxford, has applied for letters of administration in the estate of Mary Jane Staley, who died at New Oxford January 1. The estate is valued at about \$1,000.

Wilbur E. Mackley of Littlestown, and the Littlestown National Bank have applied for letters of administration in the estate of Charles C. Mackley, of Mount Joy, who died at the Warner Hospital January 9. His entire estate he bequeathed to his wife, Mary M. Mackley. He left \$100 to the Grace Lutheran Church Cemetery for the upkeep of his cemetery lot. The estate is valued at about \$500.

## CAMP HILL MAN BADLY INJURED IN SUNDAY CRASH

A 78-year-old Camp Hill resident suffered a fracture of the left ankle and lacerations of the forearms and knees Sunday afternoon when two cars attempted to pass the car ahead of them simultaneously Sunday afternoon at 2 o'clock nine miles north of here on the Harrisburg Rd. He was brought to the Warner Hospital in the York Springs ambulance.

The accident was one of three investigated by state police from the local substation over the weekend. Two other persons received injuries in another crash in Midway Saturday afternoon. Damage in the three crashes totaled \$3,215.

### Snaps Off Utility Pole

Police said Thomas Williams was injured when two of three cars headed south attempted simultaneously to pass the vehicle ahead of them. Paul R. Williams, 40, Camp Hill, a soldier, was driving south. Behind him was a car operated by Herbert H. Nauth, 58, Buffalo, N. Y., insurance salesman, and in front of the Williams car was the vehicle of H. C. Reynolds, 62, Hummelstown, retired.

Nauth, according to police, started to pass the Williams car. At about the same moment Williams attempted to pass the Reynolds auto. Nauth and Williams' vehicles collided and Williams' car also struck the rear end of the Reynolds vehicle. Then Nauth's car went off the side of the road into a field and the Williams car, also running off the road, snapped off a utility pole. Damage was estimated at \$650 to Williams' auto, \$200 to Nauth's and \$10 to Reynolds'.

### Two Hurt In Midway

Gilbert Herman Pheabus, 26, Hanover R. 1, and Mary Pheabus, 22, same address, were injured in the Midway crash. They were removed to the Hanover Hospital in the Hanover ambulance, with leg and head injuries.

Police said the accident occurred at 4:20 o'clock Saturday afternoon at the intersection of the Gettysburg-Hanover Rd. with Jefferson St. in Midway. Donald J. Myers, 19, Hanover, was headed west and attempted a left hand turn. Pheabus was driving east and the two cars collided in the intersection. Damage to Pheabus auto was estimated at \$1,500 while damage to the Myers was listed as \$400.

Police also reported an accident 2½ miles south of here on the Emmitsburg Rd. at 9 o'clock Saturday night. Damage to a car operated by John A. Dobermiller, Rahway, N. J., a student at Mt. St. Mary's College, was estimated at \$75. Damage to a car operated by Janet Alice Hale, 18, Hampton, a nurse, was listed as \$350. Details of the crash were not immediately available.

## 4 PROPERTIES TRANSFERRED

The following property transfers have been registered in the office of the register and recorder:

## THREE TO SHARE \$132 RECEIVED IN PRAYER WEEK

The Gettysburg Ministerium today announced that offerings received at the six meetings during the Week of Prayer totaled \$132.11. The offerings will be divided equally among the Day Care Center, Church World Service and St. Paul's AME Zion Church. The ministerium met Sunday evening at 9 o'clock in the home of the Rev. Herman G. Stuemple, pastor of the Christ Lutheran Church.

Reports were made on the plans for the observance of Youth Week in Protestant churches in the community. The observance will open Sunday, January 29, and close the following Sunday, Feb. 5.

The Rev. Harold V. March, pastor of the EUB Church, and the Rev. Martin Knutsen, pastor of the Prince of Peace Episcopal Church, were appointed to further the plans for the Good Friday union services to be held March 30 from noon to 3 p.m. in the EUB Church. The names of the seven speakers will be announced later.

Rev. Victor K. Meredith Jr., pastor of the First Methodist Church, was appointed chairman of a committee to study the organizing of the post-high school youths in the churches. Members of the committee are: Rev. Robert W. Roberts, pastor of St. Paul's AME Zion Church, and the Rev. Clyde R. Brown, pastor of the Presbyterian Church.

The next meeting of the ministerium will be held February 19 at 9 p.m. at the home of the Rev. Harold V. March.

## Meter Post Broken Off In Square Crash

Battlefield Guide William Abell, 60, Gettysburg R. 3, found himself involved in an accident on Lincoln Square Sunday afternoon at 2:35 o'clock at the conclusion of what until then had been a pleasant tour over the field.

According to borough police, Abell was driving a car owned by Alfred E. Halverson, Toronto, Canada, and had just completed a tour. He stopped in the square and stepped out of the car, preparatory to turning it over to the owner.

Apparently the brakes were not properly set and the Halverson car bounded forward, striking the rear of a parked car owned by L. Paul Aardrup, Lancaster.

Aardrup's car climbed the curb and broke off a parking meter at about \$225 to the Toronto car and \$295 to the Lancaster vehicle.

### WILL ADDRESS CLUB

## Five Vestrymen Chosen On Sunday

Three vestrymen were elected and two appointed at Prince of Peace Episcopal Church Sunday. The men had been nominated for the posts at a congregational meeting last week.

Elected to three-year terms were Roy Hammond, C. A. Brinton and Philip Noble. Appointed were Col. Eben R. Jones and Adrian Miller. Miller, Noble and Brinton were renamed to their posts. Hammond and Col. Jones succeed Wesley Orem and Richard Kammerer.

The other five vestrymen of the church, whose terms did not expire this year, are Robert Albright, George Montgomery, Walter Powell, Donald Trone and George Van Buskirk.

## CITIZENS' CLUB GIVEN CHARTER

Our Lady of Hope Good Citizens' Club of Saint Francis Xavier School has received its official charter from the Commission on American Citizenship, in Washington, D. C. It was announced today.

The charter formally recognizes affiliation of the local unit with the national organization headquartered at The Catholic University of America, Washington. Pupils of the Sixth grade English class comprise the local club membership.

The officers of the club are: Michael Codori, president; Philip Cole, vice president; Mary Hill, recording secretary; Jeanne Sanders, corresponding secretary; and Richard Utz, sergeant-at-arms.

Our Lady of Hope Good Citizens' Club is one of the thousands of Catholic Civic Clubs chartered in the United States for the express purpose of "fostering training for good citizenship."

Through monthly projects and study of articles in the national Catholic weekly for students of the upper elementary grades, "The Young Catholic Messenger," the youngsters "learn in a concrete way the meaning of Christian social living based on principles of justice and charity."

This year the program of study and action will develop the general theme, "Good Citizens Work Together." The program will show how the school is the pupils' community in miniature.

## HEALTH POSTER CONTEST WILL BE CONDUCTED

A health poster contest is being sponsored by the Medical Society of the State of Pennsylvania in cooperation with the Adams County Medical Society and its Woman's Auxiliary. It is open to pupils in Grades Seven to Twelve in the public and parochial schools of Adams County.

The posters are to illustrate some phase of preventive medicine or general health as it relates to the family doctor. The posters may contain a health slogan or caption of not more than seven words.

The county contest closes March 15. The posters will be placed in the Gettysburg National Bank for judging and display.

### Divided Into Groups

The county prizes are divided into two groups, Grades Seven to Nine, and Grades Ten to Twelve. Each group will receive a first prize of \$15, second \$10 and a third prize of \$5. The winning posters will be sent to Harrisburg for entry in the state poster contest which closes April 15. The state prizes are: Grades Seven to Nine, first \$70; second \$35; Grades Ten to Twelve, first \$100 and second prize \$50. Last year a Seventh grade girl from York Springs won \$10 in the county contest and received a second prize of \$35 from the state contest.

The health poster contest was inaugurated in 1938 by the Medical Society of Pennsylvania with the exception of the war years, it has continued as health education feature. An average of 30 county medical societies, with the assistance of their women's auxiliaries, have taken part each year, conducting individual contests, judging their own posters and awarding cash prizes. Winning posters in each county contest have been entered in the statewide contest and judges select winners for the state prizes which total \$525. Approximately 50,000 posters have been produced by school pupils for these contests.

## GOP Leaders Press For 3 Pct. Sales Tax, Rise In Corporate Net Income Levy At Harrisburg

HARRISBURG (AP)—Top Republican leaders pressed today for a 3 per cent sales tax and a 1 per cent cent increase in the corporate net income tax as a solution of the state's 13-month tax deadlock.

The Republican Senate majority went into closed session to tackle the state's revenue raising problem anew with indications pointing to rejection of any Democratic compromise plan that includes an income tax

## TO GO TO COURT IN CHURCH FEUD AT HOLY TRINITY

NEW YORK (AP)—Legal action was indicated today to settle a long-smoldering church feud which flared yesterday as two clergymen held competing services in Brooklyn's Protestant Episcopal Church of the Holy Trinity.

The Rev. William Howard Melish, controversial acting rector of the church and recently removed by a vestry vote, said he would not be forced out "by any illegal maneuvering by a portion of the vestry." The churchman has been accused of controversial acting rector of the church and recently removed by a vestry vote, said he would not be forced out "by any illegal maneuvering by a portion of the vestry."

The Rev. Mr. Melish conducted Sabbath services with his rival at the altar being the Rev. Robert Thomas, appointed by the Rt. Rev. James P. DeWolfe, bishop of Long Island.

### Bishop In Hospital

Last night George L. Hubbell Jr., attorney for the four anti-Melish vestrymen, said his clients were considering "several courses" of legal action to oust Melish.

Bishop DeWolfe, reported in a hospital, has not commented on the disturbance but a spokesman for him said the matter has been turned over to attorneys.

The Ven. Canon Charles W. MacLean, administrator of the diocese, said it is up to the vestry majority to decide whether the Melish group should be decharged with trespass.

Hunter L. DeLaour, diocese chancellor, noted that "some action is to be taken."

## Scott Turns In 1st Collector's Report

J. H. Scott, Highland Township tax collector, today became the first of the 32 collectors in the county to hand in his annual report to the county clerk of courts.

The 165 holders of real estate and the 245 assessed for occupation taxes in the township paid a total of \$14,605.09 in taxes, some of them from prior years. The collection was made at a cost of \$564.54 of which \$502.28 represents the share of the tax collector.

Highland Township residents still had \$1,563.43 to pay on their 1955 taxes when the year ended according to Scott's report. From its five mill tax the board of supervisors secured \$1,201.94 with \$134.66 uncollected at the end of the year. The school board's 30-mill levy on real estate and \$15 per capita brought in \$10,431.47, again including as in all figures, some amounts from the prior year, and residents of the township still owed the schools \$1,268.78 at the end of the year.

The county's levy brought in \$2,120.20 and \$111.98 was still owed at the end of the year. The institution district received \$841.02 and \$48.01 was uncollected at the end of the year.

## OPPOSE MENTAL HEALTH FUNDS

BERWICK, Pa. (AP)—The Berwick Hospital board today issued a statement opposing channelling of all available federal funds into the state mental health program.

State Welfare Secretary Harry Shapiro announced last month he plans to use the matching funds for construction purposes under the Hill-Burton Act to build mental institutions in the state.

The board urged Berwick residents to write senators and members of the House in Harrisburg opposing the move.

A recent fund raising drive to add a wing to the hospital was over-subscribed and the board announced plans to build a new hospital with the aid of the federal money.

If Shapiro's decision to channel the funds into state construction is carried out, the board will be obliged to drop its plans for a new hospital.

In past years, the money has been made available to communities who were in a position to match the amounts for construction of local or general hospitals.

## Pentagon Reports Surprise Officials

WASHINGTON (AP)—The Defense Department today professed surprise and mystification over published reports that large tracts of land were being purchased in central Pennsylvania for a second underground Pentagon.

A defense spokesman, after checking with all major agencies of the armed services, could find no record of large scale purchases, noting only that several years ago the Army engineers acquired some 300 or 400 acres in or near Franklin County, Pa., for a classified signal communications installation. The Harrisburg, Pa., Sunday Patriot-News said over the weekend that a second atomic-age underground Pentagon will be built in the mountains of south-central Pennsylvania to supplement one already built in that area.

The honor was presented during the Farm Show to Clarence C. Smith, Mechanicsburg R. 2, son of Adams County Commissioners' Clerk and Mrs. Clarence C. Smith Sr., executive editor of The Mirror. Published in Harrisburg by the Pennsylvania Farm Bureau. The Mirror was cited for contributions made in promoting FFA work in the state.

## CAPITAL PARTIES KEEP FAST PACE THROUGH YEAR

WASHINGTON (AP)—Cocktail parties around the capital often prove frustrating to would-be conversationalists.

Ambassador Arelliza of Spain says he really likes these parties but sometimes he has the feeling "they are more for drinking than for talking. You know," he told local newsmen, "we Spaniards love to talk — but conversation becomes very difficult when you start talking to someone and another person elbows him out of the way. Meanwhile, someone has just knocked you over into another group and you find yourself drinking your neighbor's martini."

Reindeer meat on thin slices of buttered bread is served as a cocktail snack at parties given by Finnish Ambassador and Mrs. Nykopp. They also serve Finnish sausage with dabs of jelly in the center, as well as other imported tid-bits.

### Serves Kabobs

Mrs. Muniz, wife of the Brazilian ambassador serves kabobs at her parties. These are small hot dogs, sliced in quarter-inch rounds on toothpicks with alternating small rounds of bread, buttered and grilled.

The Venezuelan Ambassador and Dr. Gonzalez, at a reception celebrating the 144th anniversary of their country's independence, centered their lavish buffet table with huge bowls of green-hued ice cubes holding individual ice cream molds shaped like fruits, strawberries, plums, bananas, peaches and so on, each flavored with the fruit.

Lybia's new ambassador Muntasser is moving into his country's first embassy here, a handsome mansion reputedly worth \$300,000. It was formerly the residence of the late Oklahoma oilman Bernard B. Jones. The Libyan government paid \$100,000 for it, says local reports.

## Find No Trace Of Purse Thieves Here

Chief of Police Jack Bartlett said today that a check of all leads has failed to reveal any trace of the two purse snatchers who were operating in Gettysburg Friday night. Mrs. Charles Rosensteel's purse was found Sunday near the Dorsey Stanton Post of the American Legion on W. High St. Mrs. Rosensteel and her daughter, Dorothy, were returning home from an entertainment at St. Francis Xavier School when two men suddenly appeared, pushed her and grabbed her handbag. She held to the handle and the strap tore, leaving her in possession of the handle, and the two men escaped with the handbag, containing about \$16.

Bartlett also reported that he had received unofficial reports that two purse snatchers had been operating in Lancaster over the weekend.

In Gettysburg the two young men also snatched Mrs. Charles Swisher's handbag containing \$7. Her empty pocketbook was found Saturday morning. The two men failed in their attempt to snatch Mrs. Riley Snavely's pocketbook when they attacked her in front of the Greyhound Depot Friday night.

## NEW MILITARY BUDGET TOTALS OVER 35 BILLION

WASHINGTON (AP)—A military budget of more than 35½ billion dollars was presented to Congress today with President Eisenhower's assurance that it is adjusted to "the increasing availability of new weapons of unprecedented strategic and tactical importance."

Eisenhower said the \$35,547,000,000 proposed for the bookkeeping year beginning next July 1 would be about 972 million dollars more than expected spending for the current year.

Spending for guided missiles, he said, "will be the highest in our history" at more than 1¼ billion dollars, up one third over the present year. This does not include atomic weapons. For security reasons, budgets never spell out nuclear weapons spending.

### Huge Sum For Nuclear Weapons

However, an index in a table on financing needs showed an estimate of \$282,470,000 for nuclear weapons in the next fiscal year, compared with \$267,139,000 this year and \$238,184,541 last year. This money, earmarked for procurement of weapons only, does not include the billions of dollars invested in raw materials plants.

The \$35,547,000,000 is proposed for the armed forces alone.

What Eisenhower termed "expenditures for protection," including foreign military aid, stockpiling of critical materials and the Atomic Energy Commission, is \$42,400,000,000. This represents 64 per cent of the entire national budget.

"Defense needs, are still overriding and must continue to be met in full measure," Eisenhower said.

He said it is essential to have a stable, long-range program which avoids "fluctuations in response to transitory measures" and cautioned that "there is no magic number of dollars or of military units and weapons that would solve all our national defense problems and guarantee our national security."

He said the budget emphasizes "air-atomic power, guided missiles, research and development, continental defense, and the re-equipping of our forces with new types of weapons." He also said outlays for "conventional weapons" would be decreased.

## GOP Leaders

(Continued from Page 1)

has finally had to accept Republican dictation."

Prior to the meeting both Sen. Taylor, Senate president pro tempore, and Sen. Mahany, Republican floor leader, doubted the GOP caucus would approve the Leader proposal. They said they favored a 3 per cent sales tax and a 1 per cent increase in the corporate net income tax.

Both Taylor and Mahany figured largely in defeat by the Republican controlled Senate of the governor's two previous tax programs, first the classified income tax and then the manufacturers' excise tax.

"With a 3 per cent sales tax and a 1 per cent increase in the corporate net income tax, he (Leader) will have enough revenue to balance the budget," Taylor asserted.

The corporate net income tax is now 5 per cent. A 1 per cent increase would yield about \$4 million dollars for two years. Republicans place the amount needed to balance the budget at 400 millions.

Meanwhile, Chairman Kessler (R-Lancaster) of the Senate Finance Committee said he expected to report the rewritten manufacturers' excise tax to the Senate this week.

The 3½ per cent levy was defeated by Senate Republicans and transformed into a sales tax.

Kessler said, however, that a vote on the measure will be put off until the week of Jan. 23 due to the absence of Sen. Pechan (R-Armstrong) because of illness. Republicans, with all members present in the Senate, have 26 votes, just the number needed to pass a bill.

### "THE CIVIL SERVANT"

This great United States of ours... is truly governed well... a good example to the world... a mighty citadel... and what about the people who... work hard to keep it strong... the civil servants who do much... to help the cause along... for them I write this little verse... in praise of what they do... for I know well the value of... the old red, white and blue... the mailman and the office clerk... each in his special way... performs a task that helps to free... our country of dismay... their pay is not the worst or best... their caliber is high... one look at our United States... tells me they satisfy... unsung as far as honor goes... and ridiculed by some... nonetheless, the civil servant... makes our country hum.

## HOOVER RENEWS SUGGESTION ON VICE PRESIDENT

By LEE GARRETT

WASHINGTON (AP)—Former President Herbert Hoover renewed today his suggestion that Congress authorize appointment of an administrative vice president to handle many presidential chores.

The purpose of this and other steps he recommended, he said, "should be not only to lessen physical strain" on the president, "but to allow him time for the determination of executive policies and for cooperative work with, and preparation of recommendations to the Congress."

Hoover's testimony was prepared for the opening of hearings by a Government Operations subcommittee headed by Sen. Kennedy (D-Mass.) on ways to lighten the load of detailed work which now must be handled personally by the president.

Opposed By Truman

The subject developed new interest after President Eisenhower's heart attack last Sept. 24. Actions taken by Congress, his staff or others to ease his work load in the office could play an important part in Eisenhower's decision whether to seek a second term.

Creation of the new office was suggested by Hoover last month in a television interview. He said then the new office could relieve a president of "a monumental amount of secondary duties."

Former President Harry S. Truman has opposed the idea, saying it is the president's duty "to see that the functions of the president are not infringed upon by either the legislative branch of the government or the judicial branch."

## IKE IS TOLD OF PRIMARY CASE

WASHINGTON (AP)—President Eisenhower was informed officially today that his name has been entered in New Hampshire's March 13 presidential primary. He had no immediate comment.

James C. Hagerty, White House press secretary, told a news conference he "would suspect" that Eisenhower will reply to the formal notification "in a day or two."

Hagerty said the official notification from Harry E. Jackson, New Hampshire's deputy secretary of state, was received late Saturday.

He added, however, that Jackson's telegram was not handed to the President until this morning. It was presented to him by Sherman Adams, former governor of New Hampshire and now Eisenhower's chief aide, and by Hagerty.

Eisenhower has 10 days—or until a week from tomorrow—to advise the New Hampshire secretary of state if he wants his name taken off the ballot.

A reliable source in Concord said last week that the President instead will let it be known he approves the move.

### DIES OF INJURIES

DANVILLE, Pa. (AP)—William Reinard, 28, of Sherwood Village, near Bloomsburg, died today in Geisinger Hospital of injuries sustained in a Dec. 30 highway accident.

Hospital officials said the victim never regained consciousness during the more than two weeks since his vehicle collided with a tractor-trailer on an icy highway near Beach Haven in Luzerne County.

### CHURCH NAMES NEW OFFICERS

At a recent reorganization meeting of the consistory of Christ Evangelical and Reformed Church, the following were elected to office: President, the pastor, the Rev. G. Howard Koons; vice president, Harold E. Shoemaker; recording secretary, Harry C. Wildasin; assistant recording secretary, Richard D. Sheely; financial secretary, Harry C. Wildasin; treasurer, Lewis E. Bair; assistant treasurer, Earl A. Rebert; treasurer of the building fund, Roy A. Sterner; secretary-treasurer of the trustee committee, Bernard W. Dutterer; delegate to Synod, Lavere G. Mummert; alternate to Synod, Edgar W. Berwager.

The Rev. Mr. Koons has requested that the treasurers of the various organizations present their financial report for 1955 to him not later than Sunday, January 22. These reports are needed for the annual church statement and the pastor's report to Synod.

### Children Baptized

The sacrament of infant baptism was administered to a group of children by the Rev. Porter W. Sewell during the Sunday morning worship service in Redeemer's Evangelical and Reformed Church. There was a prayer for a little child and a robe was placed on the altar in honor of the infant son of Paul E. and Betty Hankey Hull. During the service a duet, "Fairest Lord Jesus," was sung by Mrs. Clyde W. Crouse and Miss Nadine Crouse. Mr. and Mrs. Jacob Adams, of town, were welcomed into the congregation by letter of transfer from St. James' Lutheran Church, Gettysburg.

Redeemer's Women's Guild is sponsoring subscriptions to "The Messenger." Mrs. Lloyd E. Crouse is chairman and subscriptions may be placed with her.

## ARMS TO ALLIES REQUIRES BOOST IN AID MONEY

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Eisenhower said today a need to supply modern weapons to North Atlantic allies and to give increased aid to the Middle and Far East requires a doubling of new foreign aid money.

As had been officially predicted, he asked Congress to vote new foreign aid appropriations for the bookkeeping year starting July 1 of \$4,890,000,000—almost double the \$2,700,000,000 approved last year.

A number of Congress members of both parties have said the request will be sharply cut.

Also as predicted, he sought an increase for the U.S. Information Service—135 million dollars as compared with 87 millions voted this year.

### Surprise Request

Something of a surprise was his request for an appropriation of 239 million dollars for the State Department, an increase of 89 million dollars over the present year.

"The Department of State," Eisenhower said in his budget message to Congress, "is not now adequately equipped with either the staff or facilities which are required if it is to provide the timely, informed and coordinated policy guidance which is vital to the success of our total international effort."

In generalized terms, Eisenhower asked again for authority from Congress to permit the administration to pledge continuing foreign aid to friendly nations for specific projects. While details have not been spelled out, the assumption has been the administration would ask for authority to make commitments for a 10-year period.

### Need For Jets

Eisenhower said he regards it as essential that the foreign aid act be revised "to assure greater continuity in providing economic assistance for development projects and programs which... require a period of years for planning and completion."

Even before the budget was presented to Congress, however, there were authoritative reports the administration might drop this proposal. It has aroused considerable opposition.

He said one reason for his asking \$4,890,000 in new foreign aid funds is a need to supply jet aircraft, vessels and electronics systems to NATO allies in Europe.

He disclosed that more than one billion dollars of the money to be spent in the new fiscal year "will be concentrated in Korea, Pakistan, Taiwan, Formosa and Turkey."

Mrs. Charles A. Grove, leader, presented the opening thought at the meeting of the Christian Endeavor Society of Christ Reformed Church, on Sunday evening. There was a song service, with George D. Koons as pianist and Charles A. Grove as chorister. The Scripture was read by George Koons, followed with prayer by Lewis E. Bair. The topic "Is Getting Even Christian?" was discussed by the pastor, the Rev. G. Howard Koons. Routine business was transacted in charge of the president, Miss Shirley Gerriek. Wilbert J. H. Messinger was appointed to be the leader for the meeting next Sunday at 7 p.m.

STOP SIGN CHARGE

Violet Sellman, Littlestown R. 1, has been charged with a stop sign violation at Hanover Street and Centennial Avenue in Hanover Friday in an information filed by police with Justice of the Peace William Y. Nail Jr. The charge was based on information from a member of the school safety patrol.

## ADmits PART IN BRINK'S HOLDUP

BOSTON (AP)—Joseph J. (Specs) O'Keefe, 47, pleaded guilty today to armed robbery in the \$1,219,000 Brink's holdup, largest cash haul in the nation's history.

O'Keefe was held without bail and sentence was deferred.

O'Keefe is expected to be the state's star witness in the trials of nine others of 11 indicted in the same robbery. One of the 11 named died a year ago.

The arraignment took only three minutes in Superior Court where Judge Daniel D. O'Brien presided.

Dist. Atty. Garrett H. Byrne opened the arraignment by announcing:

"Your honor, the commonwealth moves for the arraignment of one Joseph J. O'Keefe under an indictment of robbery while armed in three counts."

O'Keefe rose, staring straight ahead as Clerk John Casey asked him:

"What do you say then to these complaints? How do you plead?"

"Guilty," said O'Keefe.

## Balanced Budgets Rare Here Since '30

WASHINGTON (AP)—If the government winds up the current fiscal year June 30 with a balanced budget, it would be only the fourth surplus year since 1930.

President Eisenhower told Congress today he foresees a surplus on June 30 of 230 million dollars. Up until last June 30, the government ran deficits aggregating 289 billion dollars in 26 years.

In the 15 years from 1931 through 1946 the government had deficits. Since 1930 there have been surpluses only in the fiscal years 1947, 1948 and 1951.

## Car And Truck In Crash Near Hanover

Damage totaled \$500 but no one was injured when a car and truck collided at 9:40 o'clock Sunday night 500 feet north of Hanover on the Cross Keys Rd.

Police said Miss Betty Mae Bankert, 21, Westminster R. 1, was entering the highway from the parking lot at Sheets Brothers gasoline station and collided with a truck operated by John C. O'Brien, 21, New Oxford R. 1.

Damage was \$400 to the car and \$100 to the truck.

## FAURE BARRED; RIFT CONFIRMED

PARIS (AP)—The steering committee of the Radical Socialist congress today rejected a move to readmit former Premier Edgar Faure and smooth the way for a reconciliation with his rival, former Premier Pierre Mendes-France.

The committee action literally left Faure standing in the hall with no party credentials. He appeared this morning and it took the influence of friends to get him in.

The vote confirmed the rift between Mendes-France and Faure. The two former close friends who split before the last elections and campaigned as opponents leading the two big center groups in the Assembly—Faure for the center-right and Mendes-France for the center-left.

Gains Socialist Control

Mendes-France gained control of the Radical Socialist party and succeeded in expelling Faure, ostensibly for flaunting party discipline in calling new elections before the election law could be changed.

While the center parties remain split, the Socialists have indicated they would accept Communist support in the National Assembly to form a "Republican Front" government. The Reds have 152 Assembly seats and their votes would give such a coalition a clear majority.

STOCKS LOWER

NEW YORK (AP)—A generally lower trend prevailed on the stock market today in fairly active early trading. The losses ran from fractions to around two points but there was a sprinkling of gains.

Steels and motors were the most actively traded visions and the retreat was most noticeable there.

BUENOS AIRES (AP)—Nelly Nelly Rivas, teen-age protege of former President Juan D. Peron, and her parents have been nabbed by police near the Paraguayan border in northern Argentina.

There were reports that the girl was en route to join the 60-year-old deposed dictator in exile in Panama.

## TELLS IKE 2ND TERM IS BEST FOR COUNTRY

WASHINGTON (AP)—Rep. Short (R-Mo.) told President Eisenhower today he "devoutly believes" a second term "will be best for the United States and all the world."

Short's comment was contained in a letter accompanying the gift of a Missouri-made hickory rocking chair. The chair, Short said, is intended for use at Eisenhower's farm home near Gettysburg, Pa.

Expressing hope Eisenhower would have no need of it "for the next five years," Short said:

"It is my firm conviction that you could sit in this chair on the front porch of your Gettysburg farmhouse and without even rocking or making a single speech be re-elected President of the United States."

Short, senior Republican on the House Armed Services Committee, told Eisenhower it would be "unwise and unfair" to ask anyone to run for the presidency if he is not physically able. Eisenhower suffered a heart attack last September.

"Certainly," Short said, "we are not going to nominate and campaign for a sick man."

"But knowing your toughness and resiliency, and from the doctor's reports, I feel that you can and will carry on in this world crisis."

## RUSSIA PLANS CALL FOR STEEL

By RICHARD K. O'MALLEY

MOSCOW (AP)—Again emphasizing heavy industry, the Soviet Union's sixth five-year plan calls for production of 68,300,000 metric tons of steel in 1960.

That would be about two thirds of what the United States is expected to produce that year. Last year the Soviet Union produced 45 million metric tons of steel, while the United States turned out 106 million.

The Soviets' 1956-60 program set a goal of a 70 per cent increase in heavy industrial production by 1960. It said industrial production climbed 85 per cent during the past five years.

The government directive announcing the plan declared: "The conditions for overtaking the most developed capitalist countries as regards per capita production have been created."

It added that Russia intends to "strive for an expansion of trade with other countries on a mutually beneficial basis. The fulfillment of the plan will be a tremendous stride toward strengthening the might of socialism in the world and insuring peaceful coexistence among nations."

## End 46-Day Strike Of Detroit Dailies

DETROIT (AP)—A 46-day strike-shutdown of Detroit's three metropolitan daily newspapers ended today.

It was one of the longest shutdowns in a competitive newspaper city in the last 10 years and was set off Dec. 1 by a walkout of stereotypers.

Only contract ratification by truck drivers (teamsters) at the afternoon Times and morning Free Press remained today between full settlement with eight unions.

Drivers at the afternoon News approved a new pact unanimously yesterday and teamster leaders said ratification by the other two units was "a foregone conclusion."

**ONE-HUNDRED YEARS AGO**  
**County Settlements:** During last week, the annual settlements of the County, Commissioners and Treasurer, and of the Directors of the Poor took place. The financial concerns of the County are in a very prosperous condition; and it gives us pleasure to say that Adams County is now entirely clear of debt, all her liabilities for the Prison, Bridges, &c, having been liquidated.

On Wednesday, last, immediately after the settlement with the late Treasurer, Mr. J. Lawrence Schick entered upon his duties as Treasurer of the County, to which situation he had been chosen at the last election. He will be found, we have no doubt, a very capable and attentive officer. The retiring Treasurer, Mr. Arnold, has performed his duties to the complete satisfaction of the public.

The cold weather of last week has enabled our ice-men to fill their ice-houses to overflowing, of material of the best kind. There is no scarcity of the article just now.

The snow and cold of last week interrupted travel in every direction, and the mails were entirely "out of sorts" for some days. On the railroads there was great delay, and matters have scarcely yet fairly settled down into their old channels.

The Know-Nothings of Anne Arundel county, Md., had a Convention at Annapolis on the 5th, and adopted resolutions in favor of Millard Fillmore for the Presidency.

## Today's Talk

## THE FORWARD STEP

Now that we are in a new year it is well that we take inventory—mentally and spiritually—and chart our course ahead. We read about "the Forward Step!" Let us add to that the Forward Step! It's action that is the father of aspiration.

In this connection I can think of nothing more inspiring than to quote from Thomas A. Edison's last public statement. He said: "My message to you is: Be courageous! I have lived a long time. I have seen history repeat itself again and again. I have seen many depressions in business. Always America has come out stronger and more prosperous. Be as brave as your fathers before you. Have faith! Go forward."

The forward step may sometimes be an experimental one, but that is the one Edison always took—never a backward one. By making many attempts he learned of experiments that would not work, so kept nearer and nearer to the attempts that did work! It was always the forward step.

There is no room for wobbly minds in an economy that is full of health, will and purpose. Why do such people start talking a depression when all facts prove that we have simply gone forward? Why should we not go forward and be better of, with new methods and new knowledge? When people stand still they begin to slip!

The forward step is always the most important step. It's step by step by which all that America has achieved has come about, and which has astonished the world at our progress and free way of life. Over the portal of our heart should be placed those four words of Edison's— "Have Faith! Go Forward." Why shouldn't we have greater wisdom and know-how today than yesterday?

Every step forward gives new vision, new inspiration and incentive. Who wouldn't far prefer to be in the triumphant procession than a mere spectator on the sidelines?

Tomorrow Mr. Adams will talk on the subject: "A Portrait" Protected, 1956, By The George Matthews Adams Service

## Just Folks

## NO COMPLAINER

If grumbling made it easier to idle through the day, I'd grumble at the women folks and drive them all away. I'd issue every order in ill temper's rasping voice. But I'd still be sitting idle, for I have no other choice.

If whimpering could do it, I'd have tasty foods to eat; But they've put me on a diet which allows me nothing sweet.

So, although I've cause to whimper, they will pay no heed to me. The self-same tasteless dishes on my supper tray will be.

Could I change the situation, feeling sorry for myself, Or sigh a plate of cookies from the kitchen pantry shelf, I would do some heavy sighing; but they've made it plain to me Just the way the doctor ordered is the way it has to be.

## SEC. DULLES MAY TAKE STUMP ON FOREIGN POLICY

By JACK BELL

WASHINGTON (AP) — Foreign policy appeared today to be assuming such proportions as a political issue that Secretary of State Dulles may be induced to take to the campaign stump.

He has said he has no present intentions of making presidential campaign speeches, but he may change his mind in the light of a furor over his latest defense of the administration's handling of foreign affairs.

A Life magazine article last week quoted him as having said the nation has looked war in the face in Asia three times and avoided it.

Accused Of "Russian Roulette" Dulles was roundly criticized by a number of Democrats and by some British newspapers for his quoted statement that "the ability to get to the verge without getting into war is the necessary art."

Vice President Nixon, Adlai E. Stevenson and Harold E. Stassen joined over the weekend in the debate swirling around Dulles' words.

Stevenson, again seeking the Democratic presidential nomination which he won in 1952, accused Dulles of being "willing to play Russian roulette with the life of our nation."

"Deliberate distortion," replied Stassen, Eisenhower's special assistant on disarmament problems. Accusing Stevenson of having "partisan political ends," Stassen said in a statement that "the Eisenhower - Dulles foreign policy cannot fairly be labeled by any thoughtful and responsible American as recklessly playing Russian roulette, and to so label it is harmful to the United States."

Nixon termed criticism of Dulles' remarks a "tempest in a teapot," and told reporters that avoidance of war in crises cited by Dulles "is to the eternal credit of the President and the secretary of state."

The magazine article said Dulles maintains that by making known to the Communists a U. S. readiness to fight, the administration averted renewed conflict in Korea and involvement in war in Indochina and the Formosa area.

Sen. Kefauver (D-Tenn.), in an NBC radio-television debate with Sen. Bridges (R-NH), said "We don't want to have a foreign policy that is always going to let us be on the brink of war—some of these days they might fail to get us back."

Bridges replied that if "by the delicate handling of our policy we avoided a great crisis and a war, we should be commended for it rather than be condemned."

## ASKS SUMS FOR FLOOD CONTROL

WASHINGTON (AP)—More than 14 million dollars for Pennsylvania flood control and navigation projects in the year starting July 1 was recommended by President Eisenhower today.

The total is nearly five times the amount recommended by the President a year ago. Reflecting the nation's concern over the death and destruction caused by hurricane floods last summer, Eisenhower asked Congress to begin three new flood-control reservoirs in the north-eastern area of the state and to step up construction of another.

He recommended \$600,000 to begin work on Dyberry Reservoir near Honesdale; \$500,000 for Pompton Reservoir in the same general area, and \$600,000 for Stillwater Reservoir near Forest City. Details of these projects will be submitted by the Army Engineers when Congress begins considering the Army civil functions appropriation bill.

The President also recommended in his budget that Congress provide 2 1/2 million for Bear Creek Reservoir on the Upper Lehigh River near White Haven. Total estimated cost of this project is around 18 million dollars. Approximately a half million dollars has been spent on the project thus far.

## State Police Seek 3 Escaped Prisoners

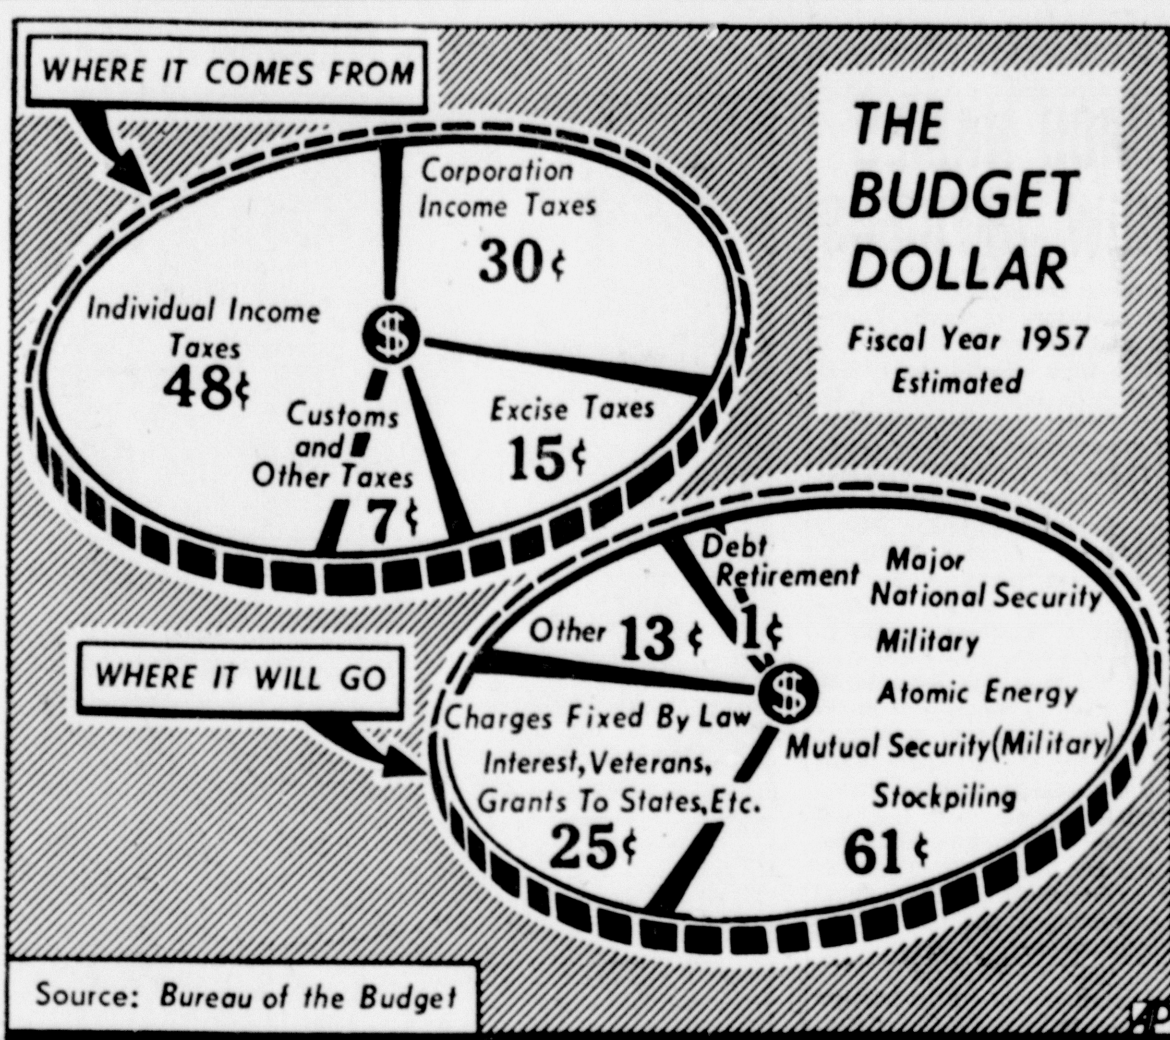

SALEM, N. J. (AP)—Twenty state police and volunteers today searched the woods near Alloway for a man charged with murder who escaped with three cellmates from the Salem County Jail.

Two of the escapees were back in custody—one of them nabbed at a police roadblock at 5 a. m. today—while the search party beat through the brush where James Godley, 62, of Alloway was reported seen.

Godley is under indictment for the slaying of 70-year-old Henry Hannell in a farmhouse Dec. 3.

Also at large is Thomas Barker, 28, of Wilmington, Del., indicted for robbing a supermarket and kidnapping manager William Ludwigsen in Penns Grove, Dec. 3.

Open a can of tomato juice in the morning. Add a slice of onion, a few peppercorns, a few celery leaves and some strips of green pepper to it. Chill and allow the flavors to blend. Serve for dinner that night with crisp crackers.

The above chart, released by the Bureau of the Budget, shows the source of the budget dollar and how its distribution is planned. It affords an excellent illustration for use with the President's budget message which was sent to Congress this noon.

## Ike Says U. S.

(Continued from Page 1)

60 billion dollars for this year — some 4 1/2 billions less than his new revised estimate.

His estimate for the coming fiscal year forecast an increase of about 1 1/2 billion dollars in individual tax returns. But his estimate for corporation tax returns was unchanged.

**Two-Thirds For Security**  
Corporation profits have been climbing rapidly. This appeared to leave considerable room for improvement of revenue estimates.

Eisenhower earmarked 903 million dollars, or almost two-thirds of the increased spending he proposed, for national security programs.

He said most of this increase would be used for the latest weapons including guided missiles, which could be brought to bear on an enemy.

**Spotlights Soil Bank**  
He laid new stress on continental defense through a radar fence to catch any attack on the wing, provided for a nuclear powered navy cruiser and a sixth giant Forrestal class aircraft carrier.

He spotlighted the administration's soil bank plan for cutting down surplus agricultural production, getting rid of present surplus crops owned by the government and abetting conservation as a major home front program.

He said the soil bank plan would cost 400 million dollars the first year. But he forecast a drop of 12 million dollars in over-all agriculture spending, due to a decline of 435 million dollars in crop price support costs. In part, this was attributable to a forecast that the government would realize much more from disposal of its surpluses.

**150 Millions For Schools**  
Eisenhower proposed to spend 150 million dollars next year to help the states build new schools. He called for a quick start on his 10-year program to build 40,000 miles of highways, but assigned only a 54-million-dollar increase to highway building. That seemed to indicate he contemplated that the cost of any expanded roads program would be met by higher taxes.

He asked for 58 million dollars to expand the State Department's diplomatic and consular services, and increase U. S. Information Service work abroad.

New foreign aid appropriations amounting to \$4,860,000,000 were asked in order to refill the pipeline of foreign aid funds with which to contract for items to be delivered months or years hence.

**More For Veterans**  
The budget proposed an 86-million-dollar increase in spending on

veterans services, to a total of \$4,879,000,000. Any major revisions of veterans services or benefits should await the report of a special commission due late this year, Eisenhower said.

Eisenhower asked Congress to increase postal charges by enough to bring in 350 million dollars additional money in fiscal 1957, but he did not specify what increases he had in mind. His budget counted this 350 million dollars as a decline in government costs. If Congress should not increase postal fees as requested, most of the projected 435-million-dollar surplus for the year would vanish.

**DR. MIDDLECOFF WINS IN RAIN AT PEBBLE BEACH**

PEBBLE BEACH, Calif. (AP)—Dr. Cary Middlecoff isn't one of the greatest mudders in golfing history, he'll do for awhile.

The lean Tennessee slopped over Pebble Beach's 6,701 yards in an almost unbelievable 4-under-par 68 yesterday through a driving straight Bing Crosby National Professional Golf Tournament with a record - shattering 202 for the 54 holes.

"It was one of the greatest, yes, probably the greatest game I ever played," Middlecoff said. "I don't think I made a bad shot all day."

He had six birdies and only two bogeys over the course, which was under water in many places. The old tournament record over the three courses played in the Crosby clambake—Cypress Point, Monterey Peninsula and Pebble Beach—was 204, set three years ago by Lloyd Mangrum.

Middlecoff's 202 was 14 strokes under par. He won \$25,000.

Trailing was Mike Souhak, the former Duke University football player, who fired a par 72 for a total of 207. Bob Rosburg of San Francisco, who went into the final 18 holes tied with Middlecoff, blew to a 77 for a 211, which earned him a tie for third with Bill Ogden of Chicago.

Ben Hogan, who came out of retirement to pair with Bing Crosby in the Pro - Amateur, tumbled to 81 for a 221. He and Crosby tied for 10th in the Pro-Am with 196.

**BURY MRS. DONNELLY**  
Funeral services for Mrs. Marie (Wintrod) Donnelly, 44, of Millersburg and formerly of Littlestown, widow of Roland Donnelly, were held on Saturday afternoon from Little's Funeral Home, Littlestown. The Rev. Porter W. Seiwel, pastor of Redeemer's Evangelical and Reformed Church, Littlestown, officiated. Interment was made in Mt. Carmel Cemetery, Littlestown. Serving as pallbearers were: Clarence L. Schwartz Sr., Jay D. Basehoar, John P. McSherry, Evan M. Appier, Earl Smith and Thomas Collins.

Plane Stalls And Four Die On Sunday

TUCSON, Ariz. (AP) — A Sunday afternoon pleasure flight ended in death for four people when their plane stalled while coming in for a landing, crashed and burst into flames.

Witnesses said the Beechcraft Bonanza's pilot, Earl E. Comer, 64, of Tucson, a one-legged World War I flier, veered sharply at tree-top level to avoid another plane.

Two of the dead were tentatively identified as Mr. and Mrs. Horace Moore of Tucson. Mrs. Moore's mother Mrs. Alice Stewart, about 65, was thrown from the plane and killed.

Comer was a former Wilkinsburg, Pa., resident.

SOME IN GOP OBJECTING TO STATE "SLATE"

HARRISBURG (AP)—Open opposition was voiced in the Republican State Committee of the method used by a GOP advisory group in slating the party's candidates for the April 24 primary.

But U. S. Sen. James H. Duff, recommended by the advisory committee as the party's choice for reelection, said he felt the outburst "wouldn't hurt anything."

Three members were outspoken in their criticism and Henry W. Lark, Northumberland County, chairman of the advisory group, said it was "a healthy thing."

"That's a sign of blowing off steam," Lark told a newsmen, Saturday. "I don't think, however, that there's going to be any real primary fight."

U. S. Sen. Edward Martin called the incident "truly American."

The three Republicans who voiced opposition to the advisory committee's slating of the statewide candidates were Andrew W. Gleason, Cambria County Republican chairman; William R. McMillen, former Indiana County legislator and Hobson R. Reynolds, Philadelphia Negro leader.

In addition to Duff, the advisory committee recommended slating Rep. Charles C. Smith, Philadelphia, for auditor general; Rep. Robert F. Kent, Crawford County, for state treasurer and Judge Benjamin R. Jones, Luzerne County, for state Supreme Court Justice.

**Judge Lansberry Undecided**  
The state committee took no action on the recommended slate since party rules prohibit it from taking sides in the primary.

Meanwhile, Judge Thomas F. Lansberry, Somerset County, and Superior Court Judge Blair F. Gunter, of Near Pittsburg, who had been seeking endorsement for the supreme court post, said last night they had not decided whether to campaign for the GOP nomination on their own.

Gunter said he will talk to as many county GOP chairman this week as possible and "if I can get their support I will run."

Republican State Chairman Miles Horst said he would canvass all county chairmen before Jan. 31, the first day for filing nomination petitions, on the slate.

STATE MISHAPS TAKE 13 LIVES OVER WEEKEND

By THE ASSOCIATED PRESS

Thirteen persons died in accidents throughout Pennsylvania over the weekend—six in fires, five in motor vehicle accidents, one in a fall and one in a shooting.

Four of the fire deaths occurred Saturday night in a home at Parkside, near Chester. The victims were Donna Kalinowski, 6; her brothers, Daniel 4, and Raymond, 3; and their aunt, Miss Ellen McLaughlin, 65.

It was believed they were overcome by smoke as they slept and had no chance to escape. Four others in the house escaped.

**Car Rams Train**  
Two persons were killed Sunday in Derry Twp., near Hershey, when their car rammed into a freight train at a crossing. The victims were Thomas Beveridge, 23, of Hershey, and Sheila Krumbeck, 19, of Lebanon. Two others were injured in the mishap.

Another double fatality occurred Saturday night in a home at Parkside, near Chester. The victims were James Crowe, 34, of Meadville, and Timmie Costea, 57, of Erie.

In other accidents: Mrs. Julia Belfield, 53, died of burns and suffocation Sunday in a fire at her home in Rydal, suburban Philadelphia.

**Shot To Death**  
Frank Sholonsky, 14, of Minersville, was shot fatally Sunday at an abandoned strip mine seven miles west of Pottsville. Police said two groups of teenagers were target shooting and that it could not be determined immediately who fired the shot. There were no arrests.

Joseph S. Karafa, Sr., 58, was struck and killed by an auto Saturday night as he walked along a highway near his home in South Greensburg.

## Bullets Shatter Lehigh 76-69 After Tight Scrap; Freshmen Triumph 78-67

Gettysburg College's cagers swept a twin bill from Lehigh University here Saturday evening before 1,200 fans, largest crowd of the season, the varsity triumphing 76-69 and the freshmen winning 78-67.

Joe Bierly rammed through 20 points in the first half to lead the Bullet varsity to a 44-35 halftime edge but the Bullets lost their advantage at 46-45 after 6:10 minutes of the second half and had to battle back in the last five minutes to gain the decision. The lead changed hands 13 times.

The Bullets got off to a fast start on goals by Bierly. Bobby Walsack and Frank Capitani but Lehigh came back to make it a nip and tuck battle until Bierly made it 21-20 and thereafter the Bullets held a narrow lead until 44-35 at half time. During the first half Bierly connected on 10 of but 16 tries from the field.

### Lone Advantage

Coach Bob Davies yanked four starters at the start of the second half, only Bierly resuming action. The new Bullet team went into a zone style of play with the result the Engineers ran up a string of 13 straight points to take the lead at 48-45 before Bierly looped a pair of fouls for the Bullets.

The Engineers got their biggest lead at 52-47 before Al Teti landed a goal and foul and Dick Hockenbury a layup to tie the count after 9:30 minutes. The score saw-sawed and was tied several times during the next five minutes. Gettysburg took a 62-61 lead at that point and led the remainder of the way although the score was close until the final two minutes.

Teti backed up Bierly's 27 points with 16. Dan Nolan led the Engineers with 18.

The victory gives the Bullets a 5-6 mark prior to a long layoff due to midyear exams. Their next game will be at Franklin and Marshall February 1. Lehigh now has a 2-5 record.

### Third Victory

The Bullet freshmen gained their third victory in four outings by taking the opening game 78-67.

After picking up a commanding 50-25 lead at the end of the first half, the freshmen fell apart in the early part of the second half as the visitors tallied 17 straight points. However, they came back to win handily.

Art Beck took the scoring honors for the locals with 21 points and was closely followed by Tim Cousins with 16 and Frank Warfel with 15. Rogan of Lehigh topped all with a 24-point effort.

Susquehanna at Shippensburg.  
Mechanicsburg at Carlisle.  
Newville at Boiling Springs.  
Central Dauphin at Biglerville.

Biglerville High School's undefeated wrestling team chalked its third successive victory and second Section II decision by defeating Boiling Springs 28-15 at Boiling Springs Saturday evening.

The triumph elevated Coach Bill Krebs' Cannons into a tie for first place with Shippensburg in the Section II race.

### Four Win By Falls

Four Biglerville lads won their events by falls. They included Jim Daughenbaugh, 138; John Harmon, 145; Bob Clark, 154, and Ralph Metzner, 165.

All of the victories for Boiling Springs were gained on decisions.

Biglerville will be host to Central Dauphin in another league match Thursday evening. Central Dauphin has divided in a pair of Section II engagements.

## FEATHERWEIGHT TITLE FIGHT IN 'FRISCO TONIGHT

A world featherweight title match at San Francisco Wednesday between champion Sandy Saddler and challenger Flash Elorde will steal some of the headlines from the many-pronged investigations of the boxing guild.

Saddler, 29, is favored to cling to the title he has held since Sept. 8, 1950, when he recaptured it from Willie Pep. It has been almost a year since Saddler last defended, against Teddy (Red Top) Davis.

The chief reason for the Elorde match is that the little man from the Philippines beat Saddler in an over-the-weight match July 20, 1955 at Manila.

### Two Shows In New York

Boxing continues in New York past today's deadline set by Julius Helfand, chairman of the State Athletic Commission, with licensed managers meeting the test by resigning from the broken Boxing Guild of New York.

Where total darkness threatened 10 days ago, now two shows will be run in the state this week at New York and Syracuse.

The Monday pairing between John L. Sullivan of England and Tony Johnson of New York was approved by Helfand in fairness to the boxers and all concerned.

DuMont will telecast. The Friday fight at Syracuse is a match between middleweights Gil Turner of Philadelphia and Jackie Labau of New York.

After drubbing American University 99-64 Saturday evening to take over the lead in the Mason-Dixon Conference race with a 4-0 mark, the Mt. St. Mary's dribblers ran into a strong Steubenville, O., quintet and lost a 91-86 decision Sunday afternoon. Both games were played on the Mount floor.

American U. offered little opposition to the Mount as they trailed throughout. At half time Coach Jim Phelan's charges held a commanding 54-34 lead and the second half was but repetition of the first. Jack Sullivan pumped 27 points through the cords in leading the Mountaineer attack.

### Rally Falls

A second half rally by the Mount failed against Steubenville who sport a 12-2 mark, their lone losses being one-point decisions to St. Vincent's and Youngstown.

The lead changed hands several times during the first 10 minutes of play before the Barons edged ahead 22-21 and led the rest of the way. Led by Paul Brownlee, who wound up with 37 points, Steubenville took a commanding 57-42 lead at the half with a strong finish.

### Loss Three Stars

The Mounts battled back gamely in the last half and eventually cut the lead to 85-82 with but 2:30 minutes remaining. However, the loss of Bill Williams and Jerry Bohlinger, two of the tallest Mountaineer stars, hurt considerably in the closing moments. Tito Nanni, another Mount ace, was forced out in the first half when he was struck in the right eye during a scramble for the ball.

Jim Smith's rebounding was outstanding for the Ohiopans while Paul standing for the Ohiopans while Paul Kearns' set shooting backed up Brownlee's inside tosses.

Sullivan rimmed 23 points, Bill Stanley 17 and Burt Sheing 14 to provide the bulk of the offense for the losers.

### At Home Wednesday

The Mount, now 8-5 against all opposition, meet Baltimore University Wednesday and Loyola Saturday in home Mason-Dixon games.

## Forfeits Game When Melee Breaks Out

SCRANTON, Pa. (AP) — Scranton University was awarded a 2-0 forfeit, over St. Peter's of New Jersey yesterday when the Jersey coach refused to let his players return to the floor following a melee which was joined in by several female Scranton rooters.

St. Peter's was leading 59-56 with a minute and 40 seconds remaining in the basketball game when a fight broke out among the players under the Scranton basket.

A technical foul was called against St. Peter's and then the girls joined in, kicking several of the Jersey players in the shins.

After order was restored Coach Don Kennedy refused to let his school return to action, asserting he felt they would be "physically abused."

## COLLEGE TEAMS GO ALL OUT FOR BERTHS IN NCAA

By ED WILKS  
The Associated Press

The collegians have half the basketball season behind them, and now the fun starts — with everybody shooting the works to gain a berth in the NCAA championship tournament.

Everybody, that is, except those amazing San Francisco Dons. They've got their reservation in hand in their bid for a second straight title.

The Dons have tied the 39-game college winning record set by Long Island University and previously matched by Seton Hall. They are on the shelf to tackle midwestern exams and won't go after their record-setting 40th in a row until Jan. 28 when they meet California.

24 Berths Wide Open  
The Dons have an "automatic" entry into the NCAA Tournament come March since they can't miss being champs of the California Basketball Assn.

The other 24 berths in the playoffs, however, are wide open. Dayton, with a 12-0 record, tops the independents at present but had to scramble to overcome Canisius 82-73 Saturday.

In the Big Ten, Illinois (3-0) and Purdue (3-1) are on top and they battle tonight. The Illini bounced Indiana 96-72 Saturday while Purdue upset Michigan State 66-62.

Kentucky Challenges  
In the Southeastern Conference, Vanderbilt and Alabama are challenging the reign of Kentucky. All three are 3-0 and Vandy tries for No. 4 tonight against Mississippi State.

Kentucky breezed Saturday, whipping Louisiana State 107-65 as Bob Burrow scored 50 points. Vandy beat Mississippi 83-73 and "Bama" topped Auburn 66-77.

Duke and North Carolina share the Atlantic Coast Conference lead at 6-1. North Carolina beat Clemson Saturday 103-99, but needed a double overtime, while Duke toppled Maryland 76-62.

In the Southern Conference, West Virginia (5-1) has the favorite role. Only an inch short of the world indoor record.

UCLA Tops In West  
Defending champ Colorado tops the Big Seven with a 3-0 mark, with Kansas and Kansas State right behind at 2-1. Kansas clipped K-State Saturday 91-86 and meets Iowa State tonight.

St. Louis (4-0) and Oklahoma A&M (2-0) are squared off for another Missouri Valley Conference scrap.

Southern Methodist and late-starting Arkansas rule the Southwest Conference at the moment with 3-0 records. Arkansas plays Texas A&M tonight.

Princeton (3-0) and Columbia (2-0) are the big guns in the Ivy League.

UCLA is tops in the Pacific Coast Conference at 4-0 with Southern California and Stanford 3-1.

## Temperatures Rise To 70's In Florida

MIAMI, Fla. (AP)—Temperatures in the 70s were forecast for south Florida today after a week of freakish cold that struck sharply from two major industries—tourism and vegetable farming.

Farm editor Nixon Smiley of the Miami Herald, after a Sunday tour of Dade County croplands, called the freeze the most disastrous in 61 years. He estimated the county's crop loss at 30 million dollars.

A new cold spell is expected to dip into north Florida tonight but it was questionable whether this cold front will reach all the way down the peninsula.

Vegetable crops were hardest hit by the long cold snap. The state citrus crop was largely undamaged.

The Greater New York Assn. is the new name of the New York racing associations.

## COLLEGE SWIM SQUAD LOSES TO ENGINEERS

Lehigh's strong swimming squad set two local pool records as they handed Jim Lentz's Gettysburg College mermen a 64-18 defeat here Saturday afternoon.

Records were set by the Engineers' 300 medley relay squad of Al Johnson, Ed Dederer and John Harkrader, who turned in a time of 3:15 minutes. Frank Johnson set the other mark in the 200 backstroke in 2:27.3.

Ken Newbould gained the Bullets' lone victory in the 440 freestyle.

The next meet for Gettysburg will be at Dickinson on February 4.

The summaries:  
300 MEDLEY RELAYS—1, Lehigh (Alfred Johnson, Ed Dederer, John Harkrader), 3:08.4 (pool record, Breaking 3:15.0 set by Lehigh in 1953).

220 FREESTYLE—1, Jim Bergmark, Lehigh; 2, Chet McLaughlin, Gettysburg; 3, Gerald Collier, 2:25.6.

# Says County Library Has Made 'Phenomenal Strides' In Decade

(Continued from Page 1)

each of us, whether in the office or factory, on the farm or in the home, cannot help experiencing a certain narrowing tendency, and it has been found that the practice of reading books dealing with the kind of work in which one is engaged will more or less correct this tendency.

Moreover, to fit ourselves for worthy citizenship and public service in our own country, which is rapidly assuming world leadership, we should familiarize ourselves with the philosophy which was the inspiration of our national beginnings. This philosophy is set forth in our Declaration of Independence, our Constitution, the Federalist Papers, and many other historical documents and papers which have now become the classical literature of a free Republic. We should acquaint ourselves with the deeds and character of leading men and women the world over, and with the history of the various countries they dominate or control. The larger the world in which we live, the greater is our responsibility to be well informed.

Disraeli said: "As a general rule, the most useful and successful man is the man who has the best information."

But more important than business success or political achievement is the development of character. It has been said that "no man can climb beyond the limitations of his own character." A study of the best literature, whether poetry or prose, drama or fiction, furnishes the needed stimulus for such character development. Home, church, and school are recognized as the cornerstones in character building and en-

lightened citizenship, and no other agency, in your correspondent's opinion, supplements this triumvirate's mission, in our social structure, as does the public library.

The canny Scotsman, Andrew Carnegie, master industrialist and humanitarian, one of the most extraordinary men of his time, appreciated to the full, because of his own personal experience and struggle for success, the public library's vital role in our American Way of Life. It was for this reason that he provided for and established more than 2,000 public libraries in cities and towns throughout the United States and Great Britain. Speaking at the dedication of one of his libraries, he said:

"I can say from personal experience that no benefit can be bestowed upon a community so great as that which places within the reach of all the treasures of the world which are stored up in books. . . . Let me stress the cultivation of a taste for reading so that you may know what the world has done and is doing, and the drift of affairs. . . . And to bring sweetness and light into your life, learn to read promiscuously. Make sure to know something about as many things as possible."

William Ellery Channing, eminent Unitarian divine and writer, believed that "every man, if possible, should gather some good books under his roof, and obtain access for himself and his family to some public library"; that "almost any luxury should be sacrificed to this."

"No possession can surpass, or

even equal, a good library," wrote Emerson. "In a library we are in the company of the wisest and wittiest men that could be picked out of all civil countries in a thousand years—men who have set in the best order their wisdom and learning." And Carlyle observes that "The true university is a collection of books."

Public libraries are among the world's oldest institutions. Excavations in ancient Nineveh disclosed a library of some 10,000 distinct works and documents, all in cuneiform characters on tablets of clay.

## Great Libraries Of World

The first and most famous book library of the ancient world was that at Alexandria containing 400,000 volumes, and burned accidentally by Julius Caesar in 47 B. C. By the way, one of the first librarians of which we have any record was Aristophanes, the Athenian playwright, regarded as one of the greatest comedy writers of all time.

Another library, now the largest in the world, The Library of Congress in Washington, also suffered a fire catastrophe. Established April 24, 1800, by Act of Congress, it was

burned by the British during the War of 1812, and reestablished later by the purchase for \$25,000 in 1815 of Thomas Jefferson's private library consisting of 6,487 volumes. Jefferson, in straitened circumstances at the time, was forced to sell. In 1951 a second fire destroyed about half of the library's collection.

This Library of Congress served 672,000 readers in 1954. In the same year it contained 33,000,000 items, comprising 10,000,000 books and pamphlets, 147,000 bound newspaper volumes, 14,000,000 manuscripts, and 2,300,000 maps, to mention but a few of the categories making up the collection of items mentioned above.

Coming to our own Adams County Free Library, the writer is very happy to have the opportunity of saying a further good word in its behalf.

Always interested in the library's growth and development from year to year, I also had the rare privilege and pleasure, through the courtesy of our County Commissioners, of serving for a time on the institution's Board of Directors. Here I

found a group of intelligent, public-spirited men and women giving of their time and talents, not only voluntarily and gratuitously, but

enthusiastically, in an effort to provide 40,000 Adams Countyans with an educational and cultural institution—an institution charac-

## LACK FUNDS FOR PA. ROAD PLANS

HARRISBURG (AP)—Although the State Highways Department has allocated almost 109 million dollars for highway projects, Secretary Joseph J. Lawler says available revenue is insufficient to develop the state's road program.

Lawler said in a weekend review of the commonwealth's highway system that \$108,908,189 in projects will be under contract or in the process of contracting by Jan. 18.

This figure, however, is insufficient to make "a substantial dent in the state's vital highway program," he added.

The secretary estimated that the commonwealth's long-range highway program will cost more than a billion dollars and should be completed within the next four or five years to meet anticipated traffic growth.

Lawler pointed to the necessity of an expanded highways program to induce industry into the state and keep in Pennsylvania those plants already located here.

## FEATHER RIVER FLOODING AGAIN

SAN FRANCISCO (AP)—A mighty torrent rolled down the Feather River in northern California today, threatening the "green" new levee hastily erected at Shanghai Bend after the holiday floods at Yuba City.

Army engineers said the levee was "likely to fail" because it was thrown up with mud and other readily available materials.

The region's second big rainstorm in less than a month ended last night with clearing skies, but it left raging torrents cascading down the Feather and Yuba River systems to converge on Yuba City, still sodden from Christmas floods that took 33 lives there. The state's

## DULLES ABLE TO LOOK BACK WITH "CONTENTMENT"

### By JAMES MARLOW

WASHINGTON (AP)—Secretary of State Dulles, who seems to have a sunny nature, is able to look back upon his part in events with pride and contentment although the same events may have left others shaken and gloomy.

It may come as a surprise to the Communists that Dulles, recalling his role in the Indochina war, seems to think he scared the daylights out of them although they won half of Viet Nam.

Life magazine, in an interview with Dulles, quotes him as saying—and he says the quotes are substantially correct—the United States has been brought to the brink of war three times in 18 months, once in Indochina.

Why He Thinks That Way Dulles seems to think that getting up to the edge, and teetering on it, is artistic. He said, "The ability to get to the verge without getting into the war is the necessary art."

How he came to think this way needs a little explaining: After World War II the French, who had held Indochina almost 100 years and exploited it, still refused the people their independence. The revolt which broke out came under the control of the Indochinese Reds.

Announced "New Look" The rebels were only guerrillas, but in a war which lasted from 1946 to 1954, the French couldn't rally the rest of the Vietnamese. They saw little sense in fighting to perpetuate French colonialism.

While this war was staggering along, the Eisenhower administration in the fall of 1953 announced its "new look" for the military forces: less money for better protection, the administration said.

Dulles on Jan. 12, 1954, attempted to explain the "new look." It was designed, he said, to depend "primarily upon a great capacity to retaliate massively."

This may have scared the Reds—although they kept right on fighting the Indochina war. It certainly scared American allies, who had visions of themselves being led into war by this country.

At a foreign ministers meeting in Berlin on Feb. 18, 1954, the French pressured Dulles into agreeing to meet with the British, French, Russians and Red Chinese in Geneva on April 2

## FORMER "MISS FLORIDA" HAS BATON JOB IN TV

By CHARLES MERCER  
NEW YORK (AP)—Every day trains, planes and buses bring many youthful hopes to this city. As the young were drawn to Hollywood in the youth of the movie industry, so the young today are drawn to television in its youth. They feed on the legendary successes of many who preceded them. The fact that the failures far exceed the successes makes no difference.

For there is no more irresistible force than the dreams of the young. Unless it is the irresistible magnet of New York....

**Sandra Had Job**  
Sandra Wirth didn't come here from her home in Miami, Fla., blindly seeking employment. She was spoken for—by ABC-TV. A network photographer who saw her in the Miss America Contest at Atlantic City, where she was among the 10 finalists as Miss Florida, expended about 100 bucks worth of film taking pictures of her.

Investigation of this extraordinary investment in photographic film convinced the brass at ABC that there was a girl to twirl her

baton and otherwise grace the weekly festivities on "Super Circus," the Sunday ABC-TV show that attracts the young of all ages. And so she is.

Sandra Wirth has certain advantages. She is blonde, brown-eyed and handsomely sculptured, qualifying under the Atlantic City standards to be called one of the most beautiful girls in America. She also is 19 years old. If that fact is ever an annoyance to her, she can console herself that time will take care of the annoyance all too soon.

**Cultivating Talent**  
With youth and beauty on her side, Sandra is energetically cultivating talent. Besides working on the show she's studying singing, drama and dancing.

"You don't like to say you want to be a star," Sandra remarked the other day. "But you certainly want to be prepared for the best career you can achieve."

So she's working very hard. Her parents, Mr. and Mrs. Dick Wirth of Miami, might be interested in knowing that their daughter is absolutely unspoiled by all the attention ABC is focusing on her.

**She Doesn't Date**  
And there's an unnamed young fellow at the University of Miami who might be interested in knowing that Sandra doesn't have dates in New York. She believes that a career is compatible with marriage—if the guy is willing. But then this fellow knows about that too.

Sandra presently is living in a residential hotel for women. But

## NEW PENTAGON TO BE BUILT UNDERGROUND

HARRISBURG (AP)—The federal government was reported ready today to construct a second atomic-age "underground Pentagon" in south-central Pennsylvania, the Harrisburg Patriot-News reported. In a copyrighted article, the Sunday newspaper said it learned the move is the second phase of a far-reaching plan to burrow beneath the earth to provide retreats for vital government functions in the event of a nuclear attack on Washington.

The project, the article by staff writer Dane Wert said, would supplement a completed installation beneath Raven Rock Mountain near the Pennsylvania-Maryland line.

**To Be In Franklin County**  
The new installation, the newspaper added, will be located near the center of an 1,800-acre area in Franklin County about five miles northwest of Greencastle and about 20 miles from the Raven Rock project.

There are a series of natural caverns in the sector, known as the Baker Caverns and the Patriot-News said it assumed these will be utilized as a starting point for the new underground network of chambers.

**Already Have Land**  
The newspaper said that Defense Department officials with a Chambersburg attorney as their agent have quietly purchased the land over a five-year period at a cost of about \$681,000. The attorney, George Black, acquired 19 farms and plots of land involved with as much secrecy as possible. Black refused to discuss the purpose of the purchases.

The Patriot-News said in its article that it was learned "from reliable sources" that all of the land needed for the new project has been purchased and that construction will start soon. More than three years were required to complete the first "underground Pentagon" chambers beneath Raven Rock Mountain.

The next challenge round for the famed David Cup tennis trophy will be played in Adelaide, South Australia, late next December.

## WELFARE DEPT. GETS MONT ALTO

HARRISBURG (AP)—The transfer of 350 mentally retarded children from the Pennhurst School in Chester County to the children's section of Mont Alto Sanatorium had Gov. Leader's approval today.

The move, approved by Leader over the weekend, transferred the Mont Alto building from the Health Department to the Welfare Department with approval of Secretary of Welfare Harry Shapiro and Secretary of Health Berwyn F. Mattison.

"I consider this action an example of that kind of interdepartmental cooperation so vital to the furtherance of the commonwealth's basic welfare objectives," the governor said.

**Need More Space**  
He added the transfer will place "desperately needed space" required for adequate treatment and care at the disposal of mentally retarded children.

Dr. Mattison said the transfer was agreeable to his department because no immediate use for the

## Plane Crashes At Susquehanna River

MIDDLETOWN, Pa. (AP)—Two officers were injured over the weekend when their Naval airplane crashed at the edge of the Susquehanna River while making a landing approach to Olmsted Air Force Base.

Injured Saturday were Marine Lt. Carlton Johnson Jr., Huntington, and Naval Lt. Charles Baker Jr., Lancaster. Baker suffered a fracture of the right leg and Johnson fractures of the pelvis and right arm. Both were reported in satisfactory condition at the base hospital.

Navy officials said they could not determine the cause of the crash. The plane took off from Quonset Point, R. I.

unit was anticipated by the Health Department.

Shapiro reminded that the transfer would provide additional space at Pennhurst where treatment is given spastic, epileptic and mentally retarded children of all ages from eastern Pennsylvania.
